

**Goals of Care Conversations
Call and Response Drill**

CALL AND RESPONSE

There's got to be something else you can do!

Are you telling me he's dying?

Are you giving up on me?

God's going to bring us a miracle.

How much time do I have left?

You don't know anything about our family.

My father put his life on the line for his country and you're going to do everything you can to keep him alive.
